• *Note:* **It appears that Richard Bell born 1605 immigrated to America first, before or perhaps with his son George Bell, born 1630, but I have not determined with how many children if any Richard Bell and his wife, Mary, immigrated to America with, other than his son George Bell and his wife Hester Webster and their two children John and Margaret Bell.**

At least one of this Richard Bell's sons, George Bell and his 1st wife Hester Webster with their two children, followed or accompanies George's parents, Richard and Mary Bell, to America and settled in Isle of Wight County Virginia sometime between 1657 and 1675 and probably about 1660. Other children fathered by George Bell were born in America

but we don't know if all or how any were **Hester Webster's** children, although she did not die until 1702. **Richard Bell** and his son **George Bell** both married a 2nd time in Isle of Wight County, Virginia after their 1st wives died in Isle of Wight County Virginia.

Christening: 2 MAR 1656 in Blaydon, Ryton, Durham, England

2. **Margaret Bell**

Birth: 1657 in Blaydon, Ryton, Durham, England

Christening: 15 FEB 1657 in Blaydon, Ryton, Durham, England

Note: English records of **George and Hester Bell** end here. This normally means that a person or family migrated to America or elsewhere. I believe **George and Hester Bell** immigrated to America about 1660. Our **Bell** line, **Robert Bell**, was born in Isle of Wight County, Virginia in 1675. I know that because the **George Bell** and **Hester Webster** born 1630 in County Durham England appear in English records and a **George Bell** and **Hester Webster** appear later in Isle of Wight County Virginia records. It is unlikely that two **George Bell** married wives named **Hester Webster** born the same dates.

Proof: Virginia records and deeds stipulate: **George Bell**, born 1530, show that he was in Isle of Wight County VA in the 1660s; **Bell** family descendants **George BELL** who was born about in 1630 in England. This **George Bell** sold 755 acres of land in Isle Of Wight County Virginia and then sold more land there on 7 Feb 1663; **George Bell's** 1st wife **Hester Webster**, was born in 1634 in County Durham England. **Hester Webster** died in 1702 and **George Bell** died sometime after 1702 in Isle of Wight, Virginia; **George Bell** fathered at least 5 sons: **John, Thomas, George, William** and **Robert Bell**, only **John** was born in England.

Note: George Bell's children, who were born in Isle of Wight County Virginia, after George, Hester, children John and Margaret Bell emigrated from England with or shortly after George's parents were the following. The mother of George Bell's children, who were born in Virginia, is uncertain, but Hester did not die until 1702 and probably gave birth to most, or all, of them, however some may have been born to Judy ____-Bell, George's 2nd wife.

- *Marriage 2: Judy _____* married after 1702 in Isle of Wight County Virginia
- *Children:* born in Isle of Wight County, Virginia
 - Thomas Bell** born ____ Isle of Wight County, VA
 - George Bell** born ____ Isle of Wight County, VA

Narrative:

Robert Bell (1675-1738) of Virginia Colony, Chowan and Bertie Counties, NC

Robert Bell was transported to Virginia probably about **1700**. However, this does not necessarily mean that he was born in England, as some researchers speculate. It was common practice for the sons of the early Virginia Colonists to be sent to England to be educated and then would return to the Colonies, with land awarded for their transport back to the Virginia Colony. **Robert Bell** was born in Isle of Wight County Virginia in **1675**, a son of **George Bell** who was himself born in **1630** in County Durham England. **Robert Bell** 1st married **Penelope Clement** in Virginia, either Isle of Wight or Surry County Virginia shortly after arriving in Virginia about **1704**. **Penelope Clement** was born in Surry County, Virginia to **John** and **Mary Clement** in **1680**.

Robert Bell was associated with a **Henry Woodnut**, before **1715**, in Essex County, Virginia where he had bought land. He would eventually receive **Henry Woodnut's** estate by instruction in **Mr. Woodnut's** Last Will and Testament and would marry **Henry Woodnut's** daughter **Anne Woodnut**, the widow of **Mr. Ferguson (Fargeson)**, after his 1st wife **Penelope Clement's** death about **1715**.

Robert Bell's children, born to his 1st wife, **Penelope Clement**, were: 1) **Robert, Jr** who died at age 7; 2) **Jean Bell** and 3) **Mary Bell**. They were all born in Virginia. After **Penelope Clement's** death, around **1715**, **Robert Bell** married the widow **Anne Woodnut-Ferguson** shortly after his 1st wife, **Polly's** death. By **1719** **Robert Bell** had moved his family to Chowan County, North Carolina. To the marriage with **Robert Bell**, his 2nd wife, **Anne Woodnut-(Ferguson)-Bell**, who was the "**widow Ferguson or Fargeson**," brought a daughter, **Isabella (Isobel) Ferguson**. I have no information or family tree of the **Ferguson (Fargeson)** family. I believe **Isabel's** father may have been a **John Ferguson**. **Mr. Ferguson** was recorded to have died before **1715** in Virginia or North Carolina.

Robert and **Anne Bell** had additional children in North Carolina. **George Bell** was born in **1718** in Chowan County NC and was the oldest living son of **Robert Bell**. Then **Archibald Bell** was born in **1719** in Chowan County NC; **John Bell** was then born in **1720** in Chowan County NC. He died after **1783**. **Penelope Bell** was the last child born to **Robert** and **Anne Bell** in **1724** in Bertie County NC on the north bank of the Cashie River where **Robert Bell** had moved his family earlier. I am certain **Robert Bell's** last child was named after his 1st wife, **Penelope Clement**, who was the daughter of **John**, the **Indian Trader**, and **Mary Clements**.

As was often the case **Indian Traders**, such as **Mr. Clement**, because they ranges far from settlements and into the wilderness and up rivers to trade with the Indians, would return with information about new and better lands to settle and farm. Perhaps this is what entices **Robert Bell** to migrate to the north side of the Cashie River in what would become Bertie County North Carolina.

John Clement died in **1734** in Bertie County, North Carolina. **John Clement** willed his estate to **Robert Bell** and each of his children, although **John Clement's** Last Will and Testament does not mention that they are related by marriage. However, **Robert Bell's** 1st wife was "**Polly**" **Clement** a daughter of **John Clement**.

By this time the **Bells** were also well connected to the **Bird** or **Byrd** family of Bertie County North Carolina. **Robert Bell's** daughter **Mary Bell** married **John Bird** and her sister **Jean Bell** married **John's** brother, **William Bird**. **Robert Bell's** son, **Archibald Bell**, moved to Duplin County, North Carolina along with his brother-in-law **William Bird**.

By **1721** **Robert Bell** and his family were living on the north bank of the Cashie River in what would become Bertie County, NC in **1722**. Bertie County was divided from Chowan County in **1722**. **Robert Bell** died in **1738**, at age **63**, and was buried in a dedicated cemetery, called a "burial ground," in **January 1738** located on the north bank of the Cashie River near where he and his family lived. In **1759** **Robert Bell's** oldest son, **George**, would buy the land to preserve his father's grave.

A deed proved **January 15, 1759** in Chowan County, NC to **George Bell** [eldest living son and administrator of his father **Robert Bell's** estate] of Duplin County bought from **John Campbell**, Merchant of Bertie County, dated **December 27, 1758** property on the Cashie River. **George Bell** paid **John Campbell** 50 pounds 'proc' money for 200 acres, which **Roger Smith** sold to my (**George Bell's** father **Robert Bell**) on **August 7, 1721** and was recorded in Chowan Precinct on **Oct 16, 1722**, and then again in Bertie County on **November 1, 1739**. The "burial ground" and 200 acre parcel of land was located on the **north side of the Cashie River**. The boundaries of the 200 acre parcel were: "North side of Cashie River, joining Colonel **Pollock's** property, **Sam's** branch and **Major West's** property." **George Bell** stated in the deed that he was "reserving the burying ground where my (**George Bell's**) father (**Robert Bell**) and others are laid." **Robert Rainey** and **Samuel Barron** witnessed the deed.

Robert Bell's long association with **Michael King (III)** and his family is not completely understood by some **Bell** family researchers. **Michael King III** was born in **1698** in Nansemond County, Virginia and died in **1741** in Bertie County, NC. He wrote his Last Will and Testament in **1741**. **Michael King III** was the oldest son of **Henry II** and **Catherine King**. **Michael King III** lived most of his life in the Bertie Precinct of North Carolina. **Michael King** married **Isabel Ferguson (Bell)**. **Isabel** was **Robert Bell's** stepdaughter and daughter of **Robert Bell's** 2nd wife, the widow **Anne Woodnut-(Ferguson)-Bell**. **Michael** and **Isabel** had seven children. **Isabel** was not **Michael King's** 1st wife.

Robert Bell

- *Birth:* **1675** in Isle of Wight County, Virginia
- *Death:* **1738** in Bertie County North Carolina
- *Burial:* **January 1738** in the dedicated “**Burial Ground**” on the **north side of Cashie River in Bertie County, North Carolina**
- *Marriage 1:* **Penelope (Polly) Clement**
- *Birth:* **1680** in Surry County, Virginia
- *Death:* about **1715** in Chowan County, NC
- *Married:* about **1704** in Virginia
- *Note: on Penelope Clement's family:*
 - *Father:* **John Clement** born **1659** Surry County, Virginia; married **Mary _____** before **1680** in Virginia and died in **1734** in Bertie County, NC
 - *Father:* **John Clement** was born **1631** in Surry County, VA; married about **1658** in Virginia; ***Captain in Bacon's Rebellion of 1676** and died in Surry County, Virginia
 - *Mother:* **Mary _____** born abt **1635** in Virginia
- *Children of Penelope Clement and Robert Bell:*
 1. **Robert Bell, Jr.** born in **1705** in Virginia and died in **1712** in Virginia at age **7** (seven)
 2. **Jean Bell** born in **1708** VA; married **William Byrd** in **1727** in Bertie County, NC and died after **1765** in the Sumter District of South Carolina
 3. **Mary Bell** born in **1710** in Virginia; married **Robert Byrd** in **1725** in Bertie County NC and died in **August 1745** in Bertie County, NC

*Note: There are conflicting opinions about Robert Bell's children's mother. Following is my measured opinion based on all the evidence and data I have found. There was a period of years between the birth of **Mary Bell**, in 1710 to **Polly Clement-Bell**, and the birth of **George Bell**, in 1718 to **Anne Woodnut-Bell**. There apparently were no children born between 1710 and 1718. This leads me to believe that **Penelope Clement-Bell** was the mother of **Robert Bell, Jr.** who died at age 7, as well as the mother of **Jean Bell** and **Mary Bell** who were born in Isle of Wight County, Virginia by 1710.*

*Some speculation exists that **Robert Bell** married **Anne Ferguson** "shortly after his first wife died," which is plausible, but is in need of an explanation or at least speculation regarding what may have been going on with the **Robert Bell** family between 1710 and 1718. One possible and plausible explanation follows. With **Robert Bell's** first child, **Robert Bell, Jr** having been born in 1705 and his second child, **Jean Bell**, born in 1708, and then the third child, **Mary Bell** born in 1710, and then no children born until **George Bell** was born 8 years later and after **Mary Bell** had been born, in 1718, simply defies logic without some sort of explanation. So, here goes! I believe **Robert Bell's** first wife, **Penelope Clement-Bell**, probably had an extended illness before her death around 1715, which was not unusual for wilderness wives of that period, that began in about 1711 or 1712 that was the reason no more children were born until after **Polly's** death around 1715... This being the case **Robert** may have and probably did remarried shortly after **Polly's** death in 1715 to the widow **Anne Woodnut-Ferguson**. It was customary for a widower with children to seek out a new wife upon the death of their wife and a widow was the ideal candidate because she would have experience with children. We recall, that is what **Frontiersman Daniel Boon** did when his wife died and left him with young children. **Robert and Anne Bell** had their first child, **George Bell**, in 1718 in **Chowan County North Carolina**. The rest of **Robert and Anne Bell's** children were born in **Chowan or Bertie County North County**.*

- **Marriage 2: Anne (Woodnut) (widow Ferguson)** was born 1682 in VA and died before **Robert Bell** in 1738 in Bertie County, NC
 - **Father: Henry Woodnut**
 - **Mother: Unknown**
- **Married:** About 1715 in Bertie County, North Carolina
 - **Children:**
 1. **Isabelle Ferguson** was born in 1706 in Nansemond County, Virginia to **Anne Woodnut-Ferguson** and **Mr Ferguson**. **Isabel** 1st married **Michael King** about 1720, but it was not **Michael's** 1st marriage. **Isabel** and **Michael** had 7 children. **Michael King** died in 1741 in Bertie County, NC. **Isabelle** died in 1780 in NC. **Michael King's** Last Will and Testament was dated 1741. **Isabel** and **Michael King** were the great grandparents of **William Rufus King, Jr.** the 13th Vice President of the United States of America, under President Franklin Pierce

Note: Isabel lived with Robert and Anne Bell, and was called

- “**Isabel Bell**” beginning about **1715** and until her marriage to **Michael King** in Bertie County North Carolina in **1720**.
2. **George Bell** born in **1718** in Chowan County d. **1792** Sampson County, NC
